PPG Mission Statement

We ensure that the patient's voice is heard.

We meet 4 times per year to discuss current health initiatives and issues.

We organise PPG recruitment days to attract new members.

We work with the GPs and Practice staff to improve the facilities available to all patients.

We represent patient interest to influence local provision of health and social care.

We support initiatives to promote Healthy lifestyle choices and seek advice from local community organisations to support the wellbeing of patients.

We keep patients informed through our publications, notices and newsletters.
